

THE

GREAT

Do you have what it takes to
win the debate?

DEBATE

* Each student will make a statement based on one of the following topics:

- Should cellular phones be allowed in school?
- Is homework useful?
- Should school be voluntary?
- Should school hours be changed to 12:00pm - 6:00pm?
- Do sports promote violence?
- Should video games be banned?

* Based on these statements, the student body will ask questions at which point the debate will begin.

* You can also give two groups of competing students one of the above topics and have them debate against each other.

Rules:

1. No yelling.
2. No name-calling.
3. No obscenities
4. No speaking out of turn or interrupting.

* You will have fifteen minutes to debate your topics with your opposing team.

* If your school does not hold student elections, you can still use this activity to practice and learn about the debate process!
